

DIGITAL RADIO BROADCASTING HOBART PTY LTD

ACN 128 742 709

Level 2, 257 Clarendon Street, South Melbourne VIC 3205

COMMENCEMENT OF DIGITAL RADIO TRANSMISSION IN HOBART

Please be advised that Digital Radio Broadcasting Hobart Pty Ltd (**DRB Hobart**) has been granted Digital Radio Multiplex Transmission Licence No 10501814/1 by the Australian Communications and Media Authority and is scheduled to commence digital radio test transmissions in the Hobart region. Please refer to the table below for details.

Area Served	Hobart
Site address	Broadcast Australia site, Pinnacle Rd, Mt Wellington TAS
Testing period	20 February 2019 to 1 March 2019
Service Commencement Date	1 March 2019 (subject to confirmation)
Maximum ERP	20,000 W
Antenna Height	105 M
ACMA Site ID	32830
Frequency	202.928 MHz
Polarisation	V – Vertical linear

During the test period, transmissions may vary in power and/or duration while the system is being tested and any possible interference to existing services is being assessed.

As part of DRB Hobart's licence requirements, we are in the process of notifying users of radio frequency spectrum in the area including TV and radio broadcasters, health departments, hospitals, ACMA, FTV and local councils. Please consider this letter your notification.

Test transmissions may cause interference to radio communications equipment or television reception. In the unlikely event that users of radio frequency spectrum or members of the public experience interference, please email DAB.Reception@sca.com.au
